SCORES ARE INJURED WHEN THE POLICE DRIVE BACK CROWD FROM GATES.

Fifteen Are Pushed Into Canal During Fight Near Offices of Government Newspaper, But All of Them Rescued.

Tokio, Japan, Feb. 11.—A riotous mob attacked the Japanese house of parliament. It was driven back by the police only after the entrance gates had been broken down and scores of people injured.

The rioting followed a big mass meeting at which resolutions were passed to impeach the cabinet for its attitude in connection with the graft charges against Japanese naval officers, several of whom are accused of receiving commissions for influencing the allotment of admiralty contracts in favor of a German firm.

Numerous arrests were made and frequent clashes between the police and the mob followed in various parts of the city. There was also a free fight on the floor of the diet.

Fifteen persons were pushed into the canal during a fight near the offices of a government newspaper, but all of them were rescued.

WHEAT BREAKS RECORD

OUTPUT OF THE WORLD'S CROP PASSES THE FOUR BILLION BUSHEL MARK.

Washington, Feb. 11.—The world's wheat crop passed the 4,000,000,000 bushel mark for the first time last year, when it reached a grand total of 4,125,658,000 bushels, according to statistics by the department of agriculture. This is 298,571,000 bushels in excess of the previous year's wheat production.

The department's figures show that in 1913 Texas surpassed all other states in the value of its crops, which were valued at more than \$400,000,000. Then in order came Iowa, Illinois, Georgia, Ohio, Minnesota, Indiana, Missouri, Pennsylvania, Nebraska, Alabama, Wisconsin, North Carolina, New York, South Carolina, Mississippi, Kansas and Michigan.

UNDERWOOD SEEKS WILSON'S ADVICE

Will Ask President for Suggestions on Legislative Program.

Washington, Feb. 11.—House Democratic Leader Underwood will ask President Wilson this week for suggestions on a legislative program that will not wreck the government financially under estimated revenues from the administration tariff laws and the income tax. The conference was made necessary by passage through the house Tuesday of the Shackleford good roads bill, under a vote of 282 to 42, carrying an appropriation for next year of \$25,000,000, and a rivers and harbors bill reported today, carrying \$40,000,000.

Against Unusual Appropriations. Secretary McAdoo of the treasury department will be one of the conferees to go with Mr. Underwood to the president. He has told house leaders a soft pedal must be put on against unusual appropriations, because it is impossible to estimate within some millions for this year revenues for the government.

Chairman Padgett of the house naval affairs committee appealed to Underwood for money for the navy. His committee contemplates a battleship authorization program costing nearly \$20,000,000 in new contracts. This money must be forthcoming in the next fiscal year.

Demand Is Turned Down. The public buildings and grounds committee has been turned down in its demand for new buildings. Chairman Frank Clark was told by Mr. Underwood that the Democratic majority of the house would not permit a bill from this committee carrying more than necessary to carry existing contracts.

The house rivers and harbors committee brought into the house the heaviest bill that committee has ever presented. The senate will add to the \$40,000,000 at least \$10,000,000 of its own pet projects, and the bill will carry when finished about \$50,000,000. This draft on the treasury was not expected by Secretary of the Treasury McAdoo. It is not expected the Shackleford \$25,000,000 good roads bill can pass the senate, but Secretary McAdoo is taking no chances. He wants the White House veto put on unusual drafts on the national exchequer until it can be learned what funds are available for congressional appropriation.

DECISION FAVORS WETS

JUDGE GRANTS THIRTY-FIVE LIQUOR LICENSES IN SHARON AND NEARBY TOWNS.

Sharon, Pa., Feb. 11.—A year of almost total dryness in Mercer county has just been broken as the result of a decision by Judge A. W. Williams when he granted 35 saloon licenses. There were 49 applicants. Twenty-five licenses are for hotels and 10 for wholesale houses. The decision to relieve the drought followed a six-week religious campaign under auspices of evangelists to keep the county dry.

In giving his opinion the court made it plain he was forced to cast aside personal feelings in the matter and go strictly according to law. Following a hard battle by the dry forces last year, the court wiped out all saloons in Sharon and Farrell. It was the biggest temperance victory in years. The fight this year was to keep the licensed places from coming back. Ten hotels applied for licenses in Sharon. Nine were successful. In Farrell the court refused new wholesale applicants, but granted every hotel except the Raymond. In Sharpsville the court granted an extra wholesale license to John A. Bolton. Three retail places were licensed. In Greenville five retail places and one wholesale place and one wholesale were awarded licenses.

Uses Candy to Get Vote. Chicago, Feb. 11.—Candy has taken the place of campaign cigars and coffee wagons will rival the saloon as vote getters in Chicago's aldermanic campaign, which will come to a climax at the April election. Thomas H. Donoghue, candidate for alderman in the Twenty-eighth ward, distributed more than 1,000 boxes of sweets to the women who attended a political meeting at which he was the speaker.

Wants State to Censor Drama. Albany, N. Y., Feb. 11.—A state theatrical commission to censor plays would be provided by a bill introduced by Assemblyman Golden. He would extend the commission's power to performances given in club houses and halls other than theaters.

Sharon, Pa., Feb. 11.—Barney Perry, 50, of Grove City, committed suicide by cutting his throat. He had been acting strangely for some time and had tried to drown himself by jumping into a 10-foot well.
